## EXPERIENCE

---

### Software Engineer

#### Hewlett Packard Enterprise R&D

📅 July 2019 – Present

📍 Bengaluru, Karnataka

- Involved in Design and Development of **Aruba Bengaluru Lab Reservation Tool**, which helped in managing 8000+ network devices. Features include - Network Auto-Discovery of switches using REST/SNMP, Utilization Statistics, etc.
- Automated the evaluation of convergence time characteristics of L2 protocols such as **STP, ERPS, and Loop Protect**.
- Involved in the development of **Triage Tool**, which reduced the manual efforts in triage and reporting of automated test executions using **MERN** web stack.
- Involved in developing **Boot Characterisation** scripts which helped in identifying critical issues in low-end Aruba Switches.
- Helped in automation of various port-access security features involving **Dot1x and Mac Authentication**.
- Developed **Feature Parity Checker** using python for check-in analysis in Jenkins to prevent incorrect check-ins.

---

### R & D Intern

#### Hewlett Packard Enterprise R&D

📅 January 2019 – July 2019

📍 Bengaluru, Karnataka

- Developed web tool to generate **AOS-CX** configuration commands for a given **AOS** configuration commands using Flask and Python.
- Involved in developing python libraries for automation of **ARP, OSPF and BGP** protocols.
- Involved in feature testing, system testing and regression testing on **VSF & VSX** environments for various **port-access security features** of Aruba switches.

## EDUCATION

---

### Bachelor of Engineering (BE), Electrical and Electronics Engineering

#### PSG Institute of Technology and Applied Research

📅 2015 – 2019

📍 Coimbatore, Tamil Nadu

**Relevant Courses:** C and C++ Programming languages and Object-Oriented Programming.

## TECHNICAL SKILLS

---

- **Programming Languages:** C/C++, Python, Javascript
- Data structures and Algorithms
- **Web Tech:** ReactJS, NodeJS, Express, Flask
- **Databases:** MongoDB
- **Others:** Linux, Git, JIRA, pytest

## TECHNICAL CERTIFICATIONS

---

- The Complete Full-Stack JavaScript Course
- React JS Frontend Web Development

## OTHER ACTIVITIES

---

- Participated in Aruba Hackathon 2019 in a team of 3 and designed "**The Policy based correlation between L3 Logical interface MTU and associated L2 Port MTU**" for Matrix ASIC where native support for the same lacks.
- Member of event co-ordination committee for Yuktaha – National level Technical symposium conducted by PSG iTech, Coimbatore.
